# ALL ABOUT REDeLEARN

## What is REDeLEARN?

Highly accessible, curriculum-aligned content, purposefully written for Australian schoolchildren. Support for ALL students in years K-6+, from phonics readers and Hi-Lo to advanced text and integrated eBooks for further research.

Designed to be the most accessible and trusted resource to support Australian school students with their schoolwork.

Information-rich, photographic images support the text. Fun fact boxes, exciting videos and audio snippets enhance interest and engage every learning style, while linked eBooks expand research options and help build fact-finding skills.

## Why Was REDeLEARN Created?

REDeLEARN was created to be a local Australian curriculum-aligned learning resource to keep students engaged and make learning fun. Articles of text together with fact boxes, clearly explained images, videos and sound clips enhance the content and spark further analysing. Designed to support teachers using the 'explicit instruction' method, and assist further research and discovery with the full Redback eLibrary.

- 100% Australian
- Local, friendly and supportive customer service
- Purpose-made for Aussie Schools
- Engage children with content for everyone
- Develop vital language and literacy skills
- Combat endless online searching for quality, relevant, literacy resources
- Dyslexia-friendly font and page colour toggle
